Dear Adam -

I am a current patient at your centre although have not been there in some months. I called today to schedule a reeval + spoke to Katie. I wanted to inform you how impressed I was with her customer service + knowledge about the knees specifically. She had experience in this subject area + I having been married to an orthopedic surgeon she could relate

as to what the next + only step might be best to exhaust before the final step (knee surgery) which I am trying to avoid at all costs.

It is always a pleasure to speak to a knowledgeable person - sharp gal!

Sincerely,  Debra Farnsworth
